Sir Christopher Intensive

2026 University Discovery Programme

Cambridge University is one of the world's most famous and prestigious educational institutions. It has been a centre of learning for over 800 years and is the international symbol of academic excellence. On the Sir Christopher summer camp, you will be studying in the buildings and on the grounds of the University itself. Your lessons will take place in the same seminar rooms that university students have their lessons. You will experience life as a student and see parts of the university that tourists don't get to see and our lessons and activities will give you a feel for what life is like for a Cambridge University student.

Fascinating snippets from the university's rich history, from its humble beginnings over 800 years ago as a refuge from Oxford to its present standing as one of the world's greatest universities

Exploring the colleges and college system that make up Cambridge University, from Trinity to King's and from Newnham to Lucy Cavendish

Discovering the people who have made Cambridge University such a renowned institution for scientific discovery, from Isaac Newton to Charles Darwin and from Rosalind Franklin to Stephen Hawking

Studying the founding and growth of women's education – from women's rights and education at Cambridge to the establishment of Newnham College and the right to be awarded degrees, to lecture, and to achieve success

Learning about the lives of students who have gone on to become successful in other fields, such as literature & sport

How to write a convincing personal statement when applying to university and how to present yourself effectively in an entrance interview

Question and answer sessions with British university students to find out what you really want to know about going to university

Guided tours of university buildings and colleges
