2. Appearance

Students are expected to dress in a way that is culturally sensitive and appropriate for school. We are mindful of the effect that appearance can have on other students (especially those from widely different cultures) and staff. For this reason, we reserve the right to ask students to dress in a manner that we feel is appropriate for a school-based environment.

2.1 We ask students NOT to:

- wear clothing which is revealing or excessively tight
- wear clothing with offensive or controversial slogans

3. Relations with Staff

Safeguarding is the action taken to promote the welfare of children and protect them from harm. At Studio, safeguarding is of the greatest importance, and staff are given strict guidelines on how to behave, especially around students who are aged under 18. Certain behaviours are not deemed acceptable. If a student has a concern that an adult is behaving inappropriately, they should report this to a member of the Welfare team or a senior member of staff.
